FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 14TH JUNE, 1832.

NO TICE is hereby given, that under instructions just received from the Honourable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1831.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the fine of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

3 d.

Per Company's Rupee for Advances made at Bengal.
Ditto Ditto Madras.
Ditto Ditto Bombay.
Per Spanish Dollar, Ditto, China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties intended, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued: the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, being also the Agent, having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address to each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whatsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Accounts of the Fund for the year 1885-86 were laid before the Meeting.

Moved by the Chairman, and seconded by Mr. Braddon:—“That the Accounts be passed.”

Carried unanimously.

Moved by Mr. Parker, seconded by Mr. Braddon:—“That in future the Balance Sheet of the Annual Account Current be published for general information, together with, and in part of the Notice of Meeting.”

Carried unanimously.

The first proposition in the Memorial of the Members of the Bombay Civil Service Annuity Fund, whereof a copy had been circulated to Subscribers with the Secretary's Circular Letter of the 2d November 1886, was read and considered.

Moved by Mr. Princep, and seconded by Mr. Dick:—“That while this Meeting fully shares in the desire to co-operate with the Bombay Servants in all measures calculated to advance the prospects and interests of both Services, it does not appear to it to be proper that the Servants of this Presidency should apply to the Hon'ble Court of Directors for the benefit of permission to retire after a residence of 20 years, the Service having by their Managers' Order, dated 2d April 1880, made application for something very similar in effect and spirit, which application did not meet the approbation of a majority of the Court; and the object not appearing to this Meeting to be of sufficient importance, as concerns the Service, to warrant the revival of the application.”

The Meeting divided upon this question, when there appeared—

For the motion,	{ Present, 18 Written votes, 2
	— 17

The motion was accordingly lost.

Moved by Mr. Parker, seconded by Mr. Young:—“That the Managers prepare a Memorial to the Hon'ble Court of Directors expressing a general concurrence in the prayer of the Bombay Petition, for limiting the period of residence in India requisite as a qualification for the Annuity, to 20 years.”

Carried.

The second proposition in the said Memorial was then read and considered.

Moved by Mr. Young, seconded by Mr. Walker:—“That the prayer of the Bombay Memorialists that Civil Servants hereafter appointed to Council, shall, on the termination of their appointment, be deemed discharged from returning to the Service”—be adopted in the Memorial of the Bengal Service.

The Meeting divided upon this question, when there appeared—

For the motion—Present,	1	2
Against ditto—Present,	21	28
	—	

Majority against 20

The motion was consequently lost.

The Chairman mentioned that he had received 21 written Votes in favor of the motion, and 21 against it. But, as it was not supported by nine Members actually present, these votes were not called for.

Moved by Mr. Colvin, seconded by Mr. W. H. Macnaghten:—“That the Members of the Service assembled at this Meeting, not content with refusing their concurrence to the prayer that Civil Servants, after passing

through the Council, shall not be readmitted to general service, protest in the strongest terms against the adoption of a proposition so opposed to a just and liberal view of the Claims of the Services, and to the principles on which the Civil Service in India are constituted, and by which it has hitherto been their pride to be regulated.”

The Meeting divided on this question, when there appeared—

For the motion—Present,	22	22
Against ditto—Present,	2	2
	—	—

Majority for 20

The Motion was accordingly carried.

Moved by Mr. Princep, seconded by Mr. Braddon:

“That the following Rule be passed as an addition to Rule 37, and submitted for the approval of the Hon'ble the Court of Directors:

“A Junior Servant who may have already proceeded, or may hereafter proceed to England, and may desire to benefit by this Rule, will be required to submit his application to the Hon'ble the Court of Directors, with a tender of his conditional resignation of the Service; and if the Hon'ble Court is satisfied that his case comes under the Rule, his claim to benefit from it, according to his period of residence, will be considered on the first day of May next, after the receipt, by the Managers in India, of the Official Notification of the Hon'ble Court's approval of the measure. In cases in which an Annuity may be granted under this Rule, the amount of fees demandable from a Junior so circumstanced must be paid to the Fund in India, before the Annuity can commence.”

Carried unanimously.

The Chairman mentioned that he had received twelve written votes in favor of this motion, and none against it.

Read a letter from the Hon'ble W. H. L. Neville, Q. P. Leicester, Esq., A. Grote, Esq., the Hon'ble Robert Fisher, and J. J. Ward, Esq., proposing that the following gentlemen be elected Managers for the present year, 1887:

D. C. Smyth,	F. Miller,	and
T. H. Maddock,	F. Macnaghten,	H. Torrens.

Carried unanimously.

After a Vote of thanks to the Chairman for his conduct to the Chair, the Meeting broke up.

NOTIFICATION.

PASSENGERS' BAGGAGE.

CONSIDERABLE misconception prevailing as to what articles are comprised in the term “Baggage in use” and so entitled to Free duty—it is hereby declared, that the term applies solely to Wearing Apparel, second hand or in use, Cabin Furniture and trifling Personal Property, all in use and accompanying the Proprietor.

The Tidewaiter on board each Vessel, after satisfying himself by inspection that Baggage as aforesaid defined, has been in use, will pass direct from the Ship.

Fresh Millinery, Saddlery, Musical Instruments, Guns, Pistols, Carriages, Wines, Spirits, Plate, Glass, Crockery, &c. not used, [although for personal use and not brought for sale] are liable to Duty; all packages containing such articles as well as all closed packages whatever the contents may be stated to be, must be sent to the Custom House at the expense of the Proprietor for examination and pay of Duty, unless the Proprietor can produce to the Tidewaiter a Custom House Permit or Pass particularly specifying such packages.

Passengers whose Baggage may have been forwarded to the Custom House, are requested to apply in writing to the Collector of Customs at the Custom House for a Permit; such application should contain the number of packages and the contents and value of each.

Personal applications cannot be attended to.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

FORT WILLIAM, 9th January, 1837.

No. 7 of 1837.—The Hon'ble the Court of Directors having, in a recent Despatch, again expressed their anxious desire, that a competent knowledge of the Native Languages should be generally diffused among the Officers of their Army, and having at the same time deemed it necessary to perceive, that a certain degree of proficiency in one or more of those Languages is to future consider as indispensable qualification for Staff Employ, the Right Hon'ble the Governor General of India in Council, with the view of giving effect to the wishes of the Hon'ble Court, without prejudice to the just claims of the many in other respects highly qualified Officers now in the Service, is pleased to publish the following Rules for general information :

I. No Military Officer who is now in the Service, or who may enter it hereafter, will be deemed qualified for or eligible to the Commissariat Department, or the appointment of Regimental Interpreter, unless he shall have passed the Examination in the Native Languages, prescribed for Candidates for the latter situation.

II. No Officer who may enter the Service hereafter, will be deemed eligible to any Staff Situation, (except a temporary one, during actual Service in the Field,) or Civil Employ, until he shall have passed an Examination in the Hindoo-Deccan Languages.

III. Notwithstanding that Officers now in the Service are exempted from the restrictive operation of the immediately preceding Rule, it is to be distinctly understood, that a competent knowledge of Hindoo-Deccan, though not in their case an indispensable qualification for the situations open to others on the condition of passing an Examination in that Language, will, as hitherto, be always considered to enter a strong additional claim to nomination to the Staff.

* N. B.—According to the former method of preparing this Statement, these two items would not have been brought to account until the commencement of the succeeding year; whereby the balance of the fund appeared at the close of every year to be less than it really was by the amount of one year's donation of the Honorable Court due at its close on account of each year, and by the broken interest of the Monthly Subscriptions made within the year. In order, therefore, to judge correctly of the comparative state of the Fund, at present, from this Statement, the sum of Rs. Rs. 3,47,339-0-5 ought to be added to the balance of 1834-35, as shown above. In future the true comparative result will appear from the face of the Yearly Statement.

N. B.—According to the former method of preparing this Statement, the transfer alluded to in the above note would have been brought to account at the close of the year in which the Statement relates. But that method was not strictly correct, because the value of an Annuity ought not to be set aside until that Annuity actually commences, and the Unappropriated Fund would benefit in case of a Member of the Institution paying for no Annuity of the succeeding year on the 30th of April, but dying before the close of that day.

POLITICAL DEPARTMENT, 0TH JAN. 1837.

Resolution.—It being deemed desirable that all possible publicity should be given to the facts which may transpire in the course of the operations now in progress for the Suppression of the Offence of Thuggee, in order that the public at large may be apprized of the extent to which that atrocious crime has been carried by the Thug Fraternity, and that the native portion of the community especially, may be put upon their guard against those insidious murderers, the Right Honorable the Governor General in Council has been pleased to resolve, that the subjoined Extract from a Letter from the Officiating Agent to the Governor General in the Bengal and Northuddo Territories, dated the 7th ultmo, shall be published for general information:

"I have the honor to forward Abstracts of the Jubulpore and Hyderabad Sessions of the Thug

" Trials for 1836, held by me during the past months of August, September and October."

" In the Jubulpore Sessions, fifty-three trials were held, and it is supposed that four thousand two hundred and eighty-eight persons were concerned in perpetrating the murders; the actual number of prisoners is two hundred and two, of whom forty-three are Moslems, and one hundred and fifty-nine Hindus; but as many of the persons are concerned in several of the different trials, the number of persons tried according to the cases, is five hundred and fifty-seven. The number of people murdered is three hundred and ninety-two, of which the remains of two hundred and sixty-five persons have been exhumed, and inquests held over them; leaving one hundred and twenty-seven bodies unaccounted for. The amount of the property robbed is 1,72,720 Rupees, the amount recovered is, as usual, scarcely worth mentioning."

" In the Hyderabad Sessions seventeen trials were held, the number of people murdered is eighty-two, of which fifty-two bodies have been exhumed, and inquests held over them. Four hundred and eighty-nine persons are supposed to have been concerned in these murders, the number of prisoners is thirty-nine, of whom thirty-seven are Moslems, and two Hindus, but as many are concerned in more than one case, according to the trials sixty-four is the actual number tried. The supposed amount of property robbed in these cases is 8,935 Rupees."

" Warrants have been issued as follows—in the Jubulpore Cases:

" Death,	30
" Transportation for life,	148
" Imprisonment for life,	12
" Acquitted,	4
" Under sentence of death, but admitted as an approver,	1
" Convicted, but except from execution,	3
" and therefore not tried,	1
" Postponed for further enquiry,	1
" Died after commitment,	2
" Made an approver,	1

202 "

" In the Hyderabad trials as follows:

" Death,	7
" Transportation for life,	23
" Imprisonment for life,	6
" Acquitted,	2
" Under sentence of death, but admitted as an approver,	1

FINANCIAL DEPARTMENT, THE 25TH JAN. 1837.
NOTICE.

Mint.—The Right Hon'ble the Governor of Bengal having been informed, that the Public Officers of Government who receive and issue Pies in payment or exchange have difficulty sometimes in determining as to the fitness of worn Pies for circulation, and that in consequence the practice of different Officers is not uniform, and disputes exist which there is no present means of settling, hereby gives notice, that the Officers of the Calcutta Mint have been appointed to decide finally upon the fitness of old and worn Pies for re-circulation. Officers receiving Pies from the Public will as heretofore send to the Mint such as they may deem defaced and unfit for re-circulation, but no Public Officer will be entitled to reject as unserviceable Pie sent from the Mint for recirculation but to refuse genuine Pie tendered by the Public, however much worn, so long as the impression is sufficiently clear in place out of doubt the fact of their being genuine.

No. 22.

FORT WILLIAM,
ECCLESIASTICAL DEPARTMENT.

TUE 26TH JANUARY, 1837.

The Right Hon'ble the Governor General of India in Council directs, that the following paragraph from Letter No. 2 of 1836, from the Hon'ble the Court of Directors, to the Ecclesiastical Department, dated 31st August, be published for general information.

*Letter from Bengal dated**27th May 1835.*

Para. 4 & 5. Advertising to an arrangement made by the Bishop for a partial extension of Religious rights to the Inhabitants of Loudon and Mysore, and to His Lordship's desire that a plan could be devised for increasing the number of Chaplains so as to extend the benefit of religious offices to the smaller stations which are now destitute of them—also suggesting a plan for effecting such an arrangement without increase of expense. At the same time we are fully sensible of the evils resulting from European residents in India being deprived for lengthened periods of the benefits of religious instruction and consolation, and our desire has been to provide a remedy for those evils without any serious addition of expense.

6. The plan which you have suggested in conformity with the desire expressed by the Lord Bishop is intended to effect this object, but we are convinced that the amount of income which it would afford to the Assistant Chaplains would be too small to enable them to sustain with propriety and comfort their station in society. We have therefore deemed it expedient to adopt one, differing in some points of detail, which by assigning to the junior class of Chaplains such salaries as are sufficient to support them in respectability will remove all ground for discontent and all pretence for additional allowances.

4. As the changes which we propose, must be carried into effect with due regard to Financial considerations, it will demand some time to complete them. Their object is to increase the efficiency of the Church Establishment by reducing the number of Chaplains, within the Province of Bengal, from thirty seven to forty-nine. The Salaries are to be apportioned as follows:—the two Chaplains at the Presidency will receive the same amount as at present; seventeen will receive Company's Rupees 600 per mensem, and the remaining thirty, Company's Rupees 500 per mensem. These salaries are to constitute their entire emoluments from the Company, and we shall fix no account saved in the payment of extra allowances, whatever may be the grounds upon which they may be claimed.

5. The Chaplains receiving the lower amount of 500 Rupees per mensem will be termed Assistant Chaplains, and in future all appointments will be made to this class. The Assistant Chaplains will succeed to the higher rank and the higher rate of Salary according to seniority as vacancies occur in the superior class after it shall have been reduced by casualties to the prescribed number of seventeen.

6. As vacancies arise they will be supplied in the following manner:—On the occurrence of the first vacancy, two Assistant Chaplains will be appointed. On the second only one, and on all succeeding vacancies the same principle will be held, viz., that of an alternate appointment of two and one until the Establishment attains the full extent of forty-nine to which we have restricted it, after which each vacancy will give rise only to a single appointment.

7. The forty-nine Chaplains on your Establishment will be exclusive of those officiating at Singapore. The Chaplains continuing to be appointed as directed in our despatch in the Public Department dated the 23d February 1831, para. xl, but

they will not be considered as forming part of the number especially appropriated to the duties of your Presidents.

8. These changes will still subject us to some further expense in the sums allowed for passage and outfit. Although it is with reluctance that we consent to any extension of these charges, our anxiety to provide for the spiritual wants of the residents at the smaller stations is so great, as to render us willing to incur this addition for the sake of procuring so important a benefit. We cannot however consent to become liable to any further burden, and it has therefore been necessary to modify the furlough and retiring allowances so as to meet the intended changes. Those allowances will in future be on the following scale:

Furlough Allowances.

After 7 years residence £191 12 6 per annum
(full pay of Captain.)

If compelled by sickness
to return to Europe before completing 7 years
residence, £197 13 0
(half pay of Captain.)

Retiring Allowances.

After 24 years service
(including 3 years statutory) £292 0 0 per annum.
(full pay of Major.)

After 10 years actual ser-
vice (if compelled by
ill health to quit the
service,) £173 7 0
(half pay of Major.)

After 7 years actual ser-
vice, (do. do. do.) £127 13 0
(half pay of Captain.)

The present Chaplains will be entitled to the existing scale of allowances as well for service as on furlough and retirement; the Regulations being wholly prospective, and only affecting Appointments made after the date of this despatch.

9. The location of the Chaplains under the new arrangements will be best regulated by reference to the opinion of the Lord Bishop.

10. It has been determined by arrangements of a similar nature, to add six Chaplains to the Ecclesiastical Establishment of Madras and two to that of Bombay.

*H. T. PRINCEP, Secy. to Govt.**General Orders by the Right Honourable THE GOVERNOR GENERAL OF INDIA IN COUNCIL.**FORT WILLIAM, 30th January, 1837.*

No. 24 of 1837.—The following paragraph (A) of a Military Letter from the Hon'ble the Court of Directors to the Governor of the Presidency of East Wings in Bengal, No. 51, dated 31st August 1836, is published for general information:

Letter dated 15th August,
1836.

With reference to Court's Orders in Madras, of 6th August 1836, (a copy of which was forwarded as applicable to Bengal,) in Court's Letter of 11th February, 1836, regarding the Allowances of General Officers on the Staff, while absent from their Divisions on leave, without a representation of the injurious effect of the Regulation theron laid down and urge the grounds upon which the Comptroller requests to remunerate the Officers in question, and to grant the Officers so employed an allowance from any forfeitures of Allowances while absent from their Divisions, on leave, within the limits of the Presidency to which they belong.

Para. 6. In compliance with your recommendation, we shall not oblige to the continuance of the Allowances of Officers on the General Staff, when absent from their Commands within the limits of their respective Provinces, for a reasonable period, provided that no additional expense is thereby occasioned to the State.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 25TH JAN. 1837.

NOTICE.

Mint.—The Right Honourable the Governor of Bengal having been informed, that the Public Officers of Government who receive and issue Pice in payments or exchanges have difficulty sometimes in determining as to the fitness of worn Pice for circulation, and that in consequence the practice of different Officers is not uniform, and disputes ensue which there is no present means of settling, hereby give notice, that the Officers of the Calcutta Mint have been appointed to decide finally upon the fitness of old and worn Pice for re-circulation. Officers receiving Pice from the Public will as heretofore send to the Mint such as they may deem defaced and unfit for re-circulation, but no Public Officer will be entitled to reject as unservicable Pice sent from the Mint for re-issue nor to refuse genuine Pice tendered by the Public, however much worn, so long as the impression is sufficiently clear to place out of doubt the fact of their being genuine.

R. WALKER,
Collector of Govt. Customs.

N. B. Parties applying for the above Packages, will be pleased to send Favours, or Bills, showing contents and value, and to despatch persons to be present at the opening of them at this Office. The Collector has nothing to do with the business of Landing Packages from Ships, nor with forwarding them to their owners, or their destination.

The fact of Articles being destined for PRIVATE USE, and not for Sale, does not exempt them from payment of Duty, if they be of a kind which is chargeable with Duty under the Regulation.

UNDER Orders from the Board of Customs, dated the 11th July 1836—"It is competent to the Collector himself to limit the hour at which the Ordinary Work of the Ship Tuba Waiters is to cease every day."

Custom House Officers are accordingly informed, that the hours which the Collector has been pleased to fix for Ordinary Work, are from Sun-rise to Sunset, before or after which they are not to allow the discharge or receipt of Cargo, unless under Special Orders.

R. WALKER, Collector of Customs.

Calcutta Custom House, the 17th Sept. 1836.

NOTICE.—The Right Hon'ble the Governor of Bengal has been pleased to sanction the receipt at the Calcutta Custom House of Accepted Cheques on the Bank of Bengal in payment of Custom Duties.

R. WALKER,

Collector of Customs.

Calcutta, Custom house, the 8d February, 1837.

REVERTING to the Notice published from this Office under date 16th July last, Notice is given that on the 1st day of March next a light will be exhibited at False Point on a Tripod, in Latitude 20° 19' 15" N. and Longitude 89° 48' E^o.

The Light will be exhibited from an elevation of about 60 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 16 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilot's Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 16th September, during which period the Pilot Vessel cruise during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 45' to 20° 48' N. with the Point bearing West by S. ; the Vessel, on board of which the next Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 16 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessel necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavor to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Breef.

From the 15th September to the 15th March the Pilot Vessel cruise during the day between Haugor Sand and the Western Sea Breef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching either Station during the day, are required to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. So the 1st September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to time or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT.

THE 30TH JANUARY, 1837.

Resolution.—It has been brought to the notice of the Governor General in Council that, Landed Property of great value within the jurisdiction of the King's Courts, is now held by Parsees, to whom it has descended in conformity with Parsee usages, but not in conformity with the English Law of Inheritance.

2. The national usages of the Parsees are not like the Hindoo and Mahomedan rules of Inheritance, Marriage, and Succession, recognized by Law. Nevertheless it appears to His Lordship in Council that Parsees who are in possession of Land which they have inherited according to their national usages and with the acquiescence of all interested parties, ought not to be disturbed in that

possession. This appears to His Lordship in Council to be one of those cases in which the strict enforcement of the Law would defeat the end for which Laws are made, would render property insecure, and would shake the confidence of the people in the Institutions under which they live.

3. His Lordship in Council is disposed to enact that real Property within the jurisdiction of the King's Courts shall, as regards its transmission by the Will of a Paree Testator, or on the death of a Paree Intestate, be taken to be and to have always been of the nature of Chattels real.

4. This enactment will be restricted by two provisions. One of those provisions secures to their possessors all who hold such Property by what has hitherto been a strictly legal title. The other is intended to give legal validity to those family arrangements which Parsees have heretofore made according to their national customs, in cases in which no objection has been made to those arrangements.

5. In order that time may be given to Parsees who reside at a distance from Calcutta to express their wishes, His Lordship in Council has determined to leave a longer interval than ordinary, between the first publication and the final re-consideration of the Act which has been prepared on this subject.

The following Draft of that Act is herewith published for general information:

Act No. —— of 1837.

I. It is hereby enacted that from the — day of — all immovable Property situate within the jurisdiction of any of the Courts established by His Majesty's Charter shall, as far as regards the transmission of such Property on the death and Intestate of any Paree having a beneficial interest in the same, or by the last Will of any such Paree, be taken to be and to have been of the nature of Chattels real and not of Freehold.

II. Provided always, that in any suit at Law or in Equity which shall be brought for the recovery of such immovable Property as is aforesaid, no advantage shall be taken of any defect of title arising out of the transmission of such Property upon the death and intestate of any Paree having a beneficial interest in the same, or by the last Will of any such Paree if such transmission took place before the said — day of —, and if such transmission were either according to the rules which regulate the transmission of Freehold Property, or else took place with the acquiescence of all persons to whom any interest in that Property would, according to the rules which regulate the transmission of Chattels real, have accrued upon the death of such Paree.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 10th day of May next.

W. H. MACNAGRTEN,
Secy. to the Govt. of India.

IV. V. And it is hereby enacted, that in case any Toll due shall remain unpaid for the space of 24 hours after such detection of property as is aforesaid, it shall be lawful for such person as the Governor in Council of Bombay shall appoint to act in that behalf to direct the sale of the property detained, and to reserve out of the proceeds of such sale a sum equivalent to the Toll due, and also in cases in which it shall appear to that person that the payment of the Toll has been contumaciously refused to receive a fine not exceeding 6 Rupees; and that the surplus, if any, shall be repaid to the owners of the property on application.

VI. Provided always, that nothing herein contained shall be taken to deprive the owner of any property detained as aforesaid of his right of action in the Civil Court of the Zillah for any injury which may have been done to him under color of carrying this Act into execution.

NOTICE.

Notice.—The Right Hon'ble the Governor of Bengal having been informed, that the Public Officers of Government who receive and issue Pice in payment or exchanges have difficulty sometimes in determining as to the fitness of worn Pice for circulation, and that in consequence the practice of different Officers is not uniform, and disputes ensue which there is no present means of settling, hereby gives notice, that the Officers of the Calcutta Mint have been appointed to decide finally upon the fitness of old and worn Pice for re-circulation. Officers receiving Pice from the Public will as heretofore send to the Mint such as they may deem defaced and unfit for re-circulation, but no Public Officer will be entitled to reject an unmentionable Pice sent from the Mint for resuse nor to refuse genuine Pice tendered by the Public, however much worn, so long as the impression is sufficiently clear to place out of doubt the fact of their being genuine.

Published by Order of the Right Hon'ble the Governor of Bengal,

H. T. PRINSEPP,
Secy. to the Govt. of Bengal.

FORT WILLIAM,

NOTIFICATION.

PASSENGERS' BAGGAGE.

CONSIDERABLE misconception prevailing as to what articles are comprised in the term "Baggage in use" and so entitled to Free duty—it is hereby declared, that the term applies solely to Writing Apparel, second hand or in use, Cabin Furniture and trifling Personal Property, all in use and accompanying the Proprietor.

The Tidewaiter on board each Vessel, after satisfying himself by inspection that Baggage as above defined, has been in use, will pass disent from the Ship.

Fresh Millinery, Saddlery, Musical Instruments, Guns, Pistols, Carriages, Wines, Spirits, Plate, Glass, Crockery, &c. not used, [although for personal use and not brought for sale] are liable to Duty; all packages containing such articles, as well as all closed packages whatever the contents may be stated to be, must be sent to the Custom House at the expense of the Proprietor for examination and levy of Duty, unless the Proprietor can produce to the Tidewaiter a Custom House Permit or Pass—particularly specifying such packages.

Passengers whose Baggage may have been forwarded to the Custom House, are requested to apply in writing to the Collector of Customs at the Custom House for a Permit; such application should contain the number of packages and the contents and value of each.

Personal applications cannot be attended to.

By Order of the Board of Customs, Calcutta Custom House, the 2d December, 1836.

Atty. Colr. Govt. Customs.

NOTICE.—The Right Honorable the Governor of Bengal has been pleased to sanction the receipt at the Calcutta Custom-house of Accepted Cheques on the Bank of Bengal in payment of Customs Duties.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFFERRING to the Notice published from this Office under date 10th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude $20^{\circ} 19' 29''$ N. and Longitude $87^{\circ} 49' 5''$ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilot's Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruise during the day off the Point, anchoring during the night in a line East and West, in Latitudes $20^{\circ} 42'$ to $20^{\circ} 45'$ N. with the Point bearing West by N. by E.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Marion alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Marion aforesaid will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruise during the day between Ranger Bank and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to $21^{\circ} 10'$ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. R. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Marion every hour, and in thick weather every half hour, and so before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Marion every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to time or rotation, and that this latter is only allowed when no delay is occasioned thereby.

The Calcutta Gazette.

Published by Authority.

It is requested that Government Notifications for the Calcutta Gazette, of any length, may be sent to the Press before Noon of Friday, and those of a few lines only before 5 P. M. of that day.

SATURDAY, FEBRUARY 11, 1837.

FORT WILLIAM,

GENERAL DEPARTMENT, 28TH JUNE 1832.

All Public Officers of Government sending Advertisements to the Calcutta Gazette for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

G. T. PRINSEPP, Secy. to the Govt.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT.

THE 30TH JANUARY, 1837.

Resolution.—It has been brought to the notice of the Governor General in Council that Landed Property of great value within the jurisdiction of the King's Courts, is now held by Parsees, to whom it has descended in conformity with Parsee usages, but not in conformity with the English Law of Inheritance.

2. The national usages of the Parsees are not like the Hindoo and Mahomedan rules of Inheritance, Marriage, and Succession, recognized by Law. Nevertheless it appears to His Lordship in Council that Parsees who are in possession of Land which they have inherited according to their national usages and with the acquiescence of all interested parties, ought not to be disturbed in that possession. This appears to His Lordship in Council to be one of those cases in which the strict enforcement of the Law would defeat the end for which Laws are made, would render property insecure, and would shake the confidence of the people in the Institutions under which they live.

3. His Lordship in Council is disposed to enact that real Property within the jurisdiction of the King's Courts shall, as regards its transmission by the Will of a Parsee Testator, or on the death of a Parsee Intestate, be taken to be and to have always been of the nature of Chattels real.

4. This enactment will be restricted by two provisos. One of those provisos secures in their possessions all who hold such Property by what has hitherto been a strictly legal title. The other is intended to give legal validity to those family arrangements which Parsees have heretofore made according to their national customs, in cases in which no objection has been made to these arrangements.

5. In order that time may be given to Parsees who reside at a distance from Calcutta to express their wishes, His Lordship in Council has determined to leave a longer interval than ordinary,

between the first publication and the final re-consideration of the Act which has been prepared on this subject.

The following Draft of that Act is herewith published for general information:

Act No. — of 1837.

I. It is hereby enacted that from the — day of — all immovable Property situated within the jurisdiction of any of the Courts established by His Majesty's Charter shall, as far as regards the transmission of such Property on the death and Intestacy of any Person having a beneficial interest in the same, or by the last Will of any such Person, be taken to be and to have been of the nature of Chattels real and not of Freehold.

II. Provided always, that in any suit at Law or in Equity which shall be brought for the recovery of such immovable Property as is aforesaid, no advantage shall be taken of any defect of title arising out of the transmission of such Property upon the death and Intestacy of any Person having a beneficial interest in the same, or by the last Will of any such Person if such transmission took place before the said — day of —, and if such transmission were either according to the rules which regulate the transmission of Freehold Property, or else took place with the acquiescence of all persons to whom any interest in that Property would, according to the rules which regulate the transmission of Chattels real, have accrued upon the death of such Person.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 9th day of May next.

W. H. MACNAUGHTEN,

Secy. to the Govt. of India.

R. WALKER,

Collector of Govt. Customs.

N. B. Parties applying for the above Packages, will be pleased to send invoices, or Bills, showing contents and value, and to depute persons to be present at the opening of them at this Office. The Collector has nothing to do with the business of Landing Packages from Ships, nor with forwarding them to their owners, or their destination.

The fact of Articles being destined for PRIVATE USE, and not for Sale, does not exempt them from payment of Duty, if they be of a kind which is chargeable with Duty under the Regulation.

UNDER Orders from the Board of Customs, dated the 11th July 1836—"It is competent to the Collector himself to fix the hour at which the Ordinary Work of the Ship Tide Waiters is to cease every day."

Custom House Officers are accordingly informed, that the hours which the Collector has been pleased to fix for Ordinary Work, are from Sun-rise to Sun-set, before or after which they are not to allow the discharge or receipt of Cargo, unless under Special Orders.

LIGHT AT FALSE POINT—BAY OF BENGAL. NOTICE.

REFERRING to the Notice published from this Office under date 10th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude $20^{\circ} 18' 23''$ N. and Longitude $86^{\circ} 46' 6''$ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 10 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilot's Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruise during the day off the Point, anchoring during the night in a line East and West, in Latitude $20^{\circ} 48'$ to $20^{\circ} 49'$ N., with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 16 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruise during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to $21^{\circ} 10'$ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 1st September to 1st March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 1st March and 1st September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

SUPPLEMENT TO

The Calcutta Gazette.

WEDNESDAY, FEBRUARY 15, 1837.

FORT WILLIAM,

GENERAL DEPARTMENT, 28TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice-President in Council.

H. T. PRINSEPP, Secy. to the Govt.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 30TH JANUARY, 1837.

Resolution.—It has been brought to the notice of the Governor General in Council that, Landed Property of great value within the jurisdiction of the King's Courts, is now held by Parsees, to whom it has descended in conformity with Parsee usages, but not in conformity with the English Law of Inheritance.

2. The national usages of the Parsees are not like the Hindoo and Mahomedan rules of Inheritance, Marriage, and Succession, recognized by Law. Nevertheless it appears to His Lordship in Council that Parsees who are in possession of Land which they have inherited according to their national usages and with the acquiescence of all interested parties, ought not to be disturbed in that possession. This appears to His Lordship in Council to be one of those cases in which the strict enforcement of the Law would defeat the end for which Laws are made, would render property insecure, and would shake the confidence of the people in the institutions under which they live.

3. His Lordship in Council is disposed to enact that real Property within the jurisdiction of the King's Courts shall, as regards its transmission by the Will of a Parsee Testator, or on the death of a Parsee Testate, be taken to be and to have always been of the nature of Chattels real.

4. This enactment will be restricted by two provisos. One of those provisos secures in their possessions all who hold such Property by what has hitherto been a strictly legal title. The other is intended to give legal validity to those family arrangements which Parsees have heretofore made according to their national customs, in cases in which no objection has been made to those arrangements.

5. In order that time may be given to Parsees who reside at a distance from Calcutta to express their wishes, His Lordship in Council has determined to leave a longer interval than ordinary, between the first publication and the final re-consideration of the Act which has been prepared on this subject.

The following Draft of that Act is herewith published for general information:

Act No. — of 1837.

I. It is hereby enacted that from the — day of — all Immoveable Property situate within the jurisdiction of any of the Courts established by His Majesty's Charter shall, as far as regards the transmission of such Property on the death and intestacy of any Person having a beneficial interest in the same, or by the last Will of any such Person, be taken to be and to have been of the nature of Chattels real and not of Freehold.

II. Provided always, that in any suit at Law or in Equity which shall be brought for the recovery of such Immoveable Property as is aforesaid, no advantage shall be taken of any defect of title arising out of the transmission of such Property upon the death and intestacy of any Person having a beneficial interest in the same, or by the last Will of any such Person if such transmission took place before the said — day of —, and if such transmission were either according to the rules which regulate the transmission of Freehold Property, or else took place with the acquiescence of all persons to whom any interest in that Property would, according to the rules which regulate the transmission of Chattels real, have accrued upon the death of such Person.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 6th day of May next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

IV. And it is hereby enacted, that it shall be lawful for the persons employed in the Collection of the Tolls aforesaid in case of non-payment of the Toll on any property, to stop such property or such part thereof as may be adequate to the discharge of the Toll due, and that every Police Officer whom thereunto required shall be assisting to the persons employed in the Collection of the Tolls aforesaid in the discharge of their duty.

V. And it is hereby enacted, that in case any Toll due shall remain unpaid for the space of 24 hours after such detention of property as is aforesaid, it shall be lawful for such person as the Governor in Council of Bombay shall appoint to act in that behalf to direct the sale of the property detained, and to reserve out of the proceeds of such sale a sum equivalent to the Toll due, and also in cases in which it shall appear to that person that the payment of the Toll has been conscientiously refused to reserve a fine not exceeding 5 Rupees; and that the surplus, if any, shall be repaid to the owners of the property on application.

NOTICE.—Commanders of Vessels being in the habit of inserting at the bottom of their Manifests "Surplus Stores may be landed if required," and subsequently importing large quantities of Wines, Spirits, Rum, Cheeses and other edible articles, and claiming exemption from the penalties prescribed by Section 6 of the Act for Goods unmanifested, on the ground that such importations are comprehended in the Manifest under the term Surplus Stores.—Notice is hereby given, that in future all Goods of the above description, landed in excess of the quantity stated in the Victualling Bill, will be considered Merchandise unmanifested, and be subjected to double duty or confiscation under the above Section, as the Board of Customs may be pleased to direct.

NOTIFICATION.

PARKERSIDE'S BAGGAGE.

CONSIDERABLE misconception prevails as to what articles are comprised in the term "B baggage in use" and so entitled to Free duty.—It is hereby declared, that the term applies solely to Wearing Apparel, second hand or in use, Cabin Furniture and trifling Personal Property, all in use and accompanying the Proprietor.

The Tidewaiter on board each Vessel, after satisfying himself by inspection that Baggage as above defined, has been in use, will pass direct from the Ship.

Fresh Millinery, Saddlery, Musical Instruments, Gums, Pistols, Cartridges, Wines, Spirits, Plate, Glasses, Crockery, &c. not used, [although for personal use and not brought for sale] are liable to Duty; all packages containing such articles as well as all closed packages whatever the contents may be stated to be, must be sent to the Custom House at the expense of the Proprietor for examination and Levy of Duty, unless the Proprietor can produce to the Tidewaiter a Custom House Permit or Pass, particularly specifying such packages.

Passengers whose Baggage may have been forwarded to the Custom House, are requested to apply in writing to the Collector of Customs at the Custom House for a Permit; such application should contain the number of packages and the contents and value of each.

Personal applications cannot be attended to.

By Order of the Board of Customs, Calcutta Custom House, the 2d December 1836.

NOTICE.—The Right Hon'ble the Governor of Bengal has been pleased to sanction the receipt at the Calcutta Custom-house of Accepted Cheques on the Bank of Bengal in payment of Custom Duties.

LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude $20^{\circ} 10' 25''$ N. and Longitude $86^{\circ} 45' 30''$ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lanters to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruise during the day off the Point, anchoring during the night in a line East and West, in Latitude $20^{\circ} 42'$ to $20^{\circ} 45'$ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Rastor Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruise during the day between Sugar Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to $21^{\circ} 10'$ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red flag flying at the Main whonerer they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.
